
Gypsum_O

Organic design

Defined by an organic shape, a light crater available in two heights. Discreet and soft shapes merge with the living space, the large chalk frame disappears, and just light is visible.

- + **two heights invisible frame**
- + **merge with wall finishes**
- + **organic design**

Gypsum_O

Matter and colour

The plasticity of gypsum blends the lighting fixture with the construction elements that define the space. Light, matter and colour become a whole that can be radically renovated thanks to the paintable surface of Gypsum. A real white canvas that you can customize based on your own taste.
